## S12 Electric Brick Making Machine

Our S12 Electric Brick Making Machine is the smallest of our static type machines. It compacts the aggregate through a vibration system, controlled with a panel. The S12 Egg-Laying Type Brick Making Machine produces an excellent quality brick, block & paver and is most popular in rural areas where electricity and fuel are not easily available, as it can easily be supplied with either a diesel engine or generator.

Specification:		Type of Brick	No. of Drops	With motor: 1min/drop
Vibrator Drive Options	Electric 220V	9 Inch Cavity Block	2 per drop	1000 per day
	Electric 380V	6 Inch Cavity Block	3 per drop	1500 per day
	Petrol	4.5 Inch Cavity Block	4 per drop	2000 per day
	Diesel	Maxi Brick (290 x 140 x 90)	5 per drop	2500 per day
		Stock Brick (220 x 105 x 73)	12 per drop	6000 per day
		Straight Pavers	6 per drop	3000 per day
		Interlock Pavers	6 per drop	3000 per day
